Oak Point Park & Nature Preserve Trail

Texas

The Oak Point Park & Nature Preserve Trail winds through the park for 8.4 miles, offering access to a recreation center, amphitheater,

At the southern part of the loop, the Oak Point Park & Nature Preserve Trail intersects with the [Bob Woodruff Park Trail](#) just off East Spring Creek Pkwy. The trail also intersects the [Santa Fe Trail \(Plano\)](#) at East Spring Creek Pkwy.

At the Oak Point Park & Nature Preserve Trail's northern endpoint, the trail intersects with the Chase Oaks Trail at K Ave.

The Oak Point Park & Nature Preserve Trail winds through the park for 8.4 miles, offering access to a recreation center, amphitheater, a fishing pond, and a zipline course.

About the Route

As the Oak Point Park & Nature Preserve Trail meanders through the park, the trail passes by ponds, recreation activities, wooded areas, and open spaces. The park has multiple access points into the area and the trail on the north, south, east, and west sides of the park, making the trail easily accessible. The trail offers a scenic park walk, especially with the views of Rowlett Creek.
