East West Trail

Michigan

The East West Trail follows an electric utility corridor for more than 2 arrow-straight miles through Kentwood, Michigan. The trail

The East West Trail follows an electric utility corridor for more than 2 arrow-straight miles through Kentwood, Michigan. The trail runs along a creek for a short distance and features some short bridges at the crossings. It passes close to houses and schools as it courses as the name describes—east to west—through the suburb south of Grand Rapids.

In the east, the trail connects to the developing [Paul Henry-Thornapple Trail](#).

East West Trail

Michigan
