Running through large Los Angeles suburbs in both Los Angeles County and Orange County, the Coyote Creek Bikeway follows the channelized bank of the creek through residential and industrial neighborhoods.

## About the Route

Trail users can find the Cerritos Regional County Park in the middle of the route, a place where trail users can refresh themselves with water, restrooms and a stroll around the lake. Picnic tables are available for lunch, and many athletic facilities round out the opportunities here: tennis courts, basketball courts, a gym, pool and exercise stations.

A shorter, disconnected segment of the Coyote Creek

Bikeway runs from Buena Park through La Mirada to La Habra. Eventually, this section will be linked to the main trail, but first, a challenging crossing of Interstate 5 must be negotiated.

## Connections

At the southern end of the trail, trail users can connect to the [San Gabriel River Trail](#).

# Coyote Creek Bikeway

California

**States:** California
