Seven Mile Creek Greenway is one of many forming Nashville's system of greenways throughout the city. Nashville's greenways link neighborhoods, schools, shopping areas, the downtown area, offices, recreation areas, open spaces and other points of interest.

The Seven Mile Creek Greenway is a multi-use trail that runs through a wooded area from Whitfield Park along Seven Mile Creek south to just past the Ellington Agricultural Center. Here there is an unpaved trail that continues south to an intersection with Edmondson Pike near Oakley Drive.
