The 4.9-mile Canal Hike and Bike Trail runs underneath and alongside the I-135 Canal Route, starting at E. 17th Street N. (at McAdams Park) and heading south to Stafford Street (just north of Pawnee). Use caution as the path has several street crossings. Users can access the Bicycle Skill and Safety course in North Linwood Park, and there are many other nearby picnic and recreational opportunities.

At its northern end at 17th Street, the Canal Hike and Bike Path now connects seamlessly to the [McAdams Bike Path](#). That trail extends east, eventually meeting the [K-96 Bicycle Path](#) at N. Oliver Avenue. Together these paths make one of the longest and nicest rides in Wichita, providing a critical and continuous loop through Wichita's neighborhoods and workplaces on the city's east side.

Canal Hike and Bike Trail

Kansas
