Despite its name, the Sedgwick County Zoo and Park Path makes several different loops throughout the park, totaling 8.9 miles, and doesn't really incorporate the zoo itself, except for going around its perimeter. The trail system makes for a pleasant, and traffic-free, excursion around small lakes, meadows and ball fields, and part of the trail courses along a scenic creek through a narrow wooded corridor.

Sedgwick County Zoo/Park Path

Kansas

States: Kansas

Counties: Sedgwick
