Moraine State Park features a paved multiuse trail, which runs along the north shore of Lake Arthur for 7.3 miles. Along the way, you'll enjoy beautiful scenery, especially during the fall as trees line the lake and trail.

From its southeast endpoint by the Davis Hollow Marina, the trail meanders west as it closely follows the shore to the northwest point of the lake. The route has some relatively short downgrades and curves. Along the way, the trail passes Nealey's Point, Watts Bay Marina, Barber Point Beach, Lakeview Beach, Five Points Campground (where you can access the Five Points Trail's northern trailhead), and the park's bike rental facilities. The trail's northwest end is by the park's bike rental facilities (118 N Shore Dr, Portersville).
