Saguaro Trail

Nevada

The Saguaro Trail runs east to west through residential areas of Henderson, connecting residents with three trails and two popular

The Saguaro Trail runs east to west through residential areas of Henderson, connecting residents with three trails and two popular parks. In the east, the trail begins in Saguaro Park, a 6-acre amenity centered on a large grassy area suitable for all kinds of recreation. The park is also just across Magic Way from Equestrian Park North and the [Equestrian North Trail](#) contained within.

Continuing westward, the trail meets the [Downs 5 Trail](#), which heads north for less than a mile to Newport Drive. Farther west, the Saguaro Trail emerges into Roadrunner Park, which offers another grassy area along with picnic and playground facilities. After a short gap, the trail ends at its intersection with the [Boulder Highway Trail](#). Hop on that trail for a longer journey north or south.

Saguaro Trail

Nevada

States: Nevada

Counties: Clark
