Bert Cooper Trails

Oklahoma

Circling Lake Hefner, the Bert Cooper Trails offer wide open views of the lake, bustling with sailboats during the summer. A highlight

Make a direct connection to the [Hefner-Overholser Trail](#) at W. Britton Road to reach Lake Overholser and the Stinchcomb Wildlife Refuge.

Circling Lake Hefner, the Bert Cooper Trails offer wide open views of the lake, bustling with sailboats during the summer. A highlight of the trail system, formerly known as the Lake Hefner Trails, is the tall white lighthouse on the lake's eastern shore, an unusual site in the landlocked state.

Traveling the circumference of the lake is a nearly 10-mile journey. Those who wish for a shorter ride or hike may prefer the southern end, which runs through a forested area and offers recreational opportunities at Lakeshore Park and Stars and Stripes Park. The latter has a playground with a large rocket-shaped structure that children will love to climb. Along this shore is the lake's largest marina and several fishing piers.

Bert Cooper Trails

Oklahoma

States: Oklahoma

Counties: Oklahoma

Length: 9.1miles

Trail end points: Lake Hefner to Lake Hefner

Trail surfaces: Asphalt

Trail category: Greenway/Non-RT

Trail activities: Bike,Fishing,Inline

Skating,Walking,Wheelchair Accessible
