Just south of downtown Colorado Springs, the Bear Creek Trail provides a short connection from Bear Creek Regional Park to Interstate 25. On the other side of the highway, you can pick up the [Pikes Peak Greenway Trail](#) to head north to the Colorado College campus and United States Air Force Academy, or south along a creek to the El Pomar Youth Sports Park.

While not necessarily scenic (the trail sits between a Walmart Supercenter and car dealerships), the path does lead to Bear Creek Regional Park, where you can enjoy views of the foothills as you travel through a picturesque expanse of open land dotted with ponderosa pines and scrub oak thicket. The park also offers athletic fields, playgrounds and a nature center.
