The Wakefield Trail follows the power line from Falls of Neuse Road south to London Bell Drive, just under 1.5 miles. There is a slight jog in the trail where it meets Wakefield Plantation Drive. If you're heading south, at Wakefield Plantation Drive, go right, cross the creek, then cross over the road (near where the median strip begins) to pick up the southern segment of the Wakefield Trail.

The trail passes by a golf course and among subdivisions. Use caution at street crossings.
