For nearly 5 miles, the Columbia Bottom Trail meanders through the Columbia Bottom Conservation Area, which features forests, wetlands, and open fields.

The trail is part of the Missouri River Greenway, which will one day follow the river for 50 miles from its junction with the Mississippi River to the western edge of St. Louis County. See the confluence of these two mighty rivers from an observation deck at the trail's eastern end near the Missouri/Illinois border.

Please note that the trail is closed at the end of November each year for deer hunting; contact the [Missouri Department of Conservation](#) regarding seasonal closures.

Columbia Bottom Trail - Missouri River Greenway

Missouri

States: Missouri

Counties: St. Louis

Length: 4.8miles

Trail end points: Madison Ferry Rd. to
Columbia Bottom Conservation Area

Trail surfaces: Asphalt

Trail category: Greenway/Non-RT
