The Loudonville Pedestrian and Bicycle Pathway is nestled in a scenic valley in a small town nicknamed the "Canoe Capital of Ohio." The trail begins in downtown Loudonville, crosses the Blackfork River at Riverside Park and continues along the river and the tree-lined State Route 3 to Mohican State Park. The southern portion of the trail consists of bike lanes on both sides of SR 3.

The beautiful forested Mohican State Park is a favorite spot for hikers, mountain bikers and campers. Popular attractions include the Clear Fork Gorge, waterfalls and a picturesque covered bridge. A trail spur will take you further south to the historic Wolf Creek/Pine Run Grist Mill.
