## Cochran Shoals Trail

Georgia

*Cochran Shoals Trail, on the northwestern outskirts of Atlanta, follows the western bank of the Chattahoochee River for over two*

about fishing in the river. Rafting, canoeing, and kayaking are also permitted in the park.

Cochran Shoals Trail, on the northwestern outskirts of Atlanta, follows the western bank of the Chattahoochee River for over two miles, forming a popular fitness loop for exercise and recreation. The unpaved pathway travels through Chattahoochee River National Recreation Area and is tree-lined and scenic. Due to its tranquil beauty, expect crowds on the weekends. The southern end of the trail marks the beginning of the paved [Akers Mill Trail](#), which enables you to extend your journey west and connect to various other trails in Cumberland and Smyrna.

To Native Americans, "Chattahoochee" is thought to mean "River of Painted Rocks." Fishing is permitted in its waters, where anglers will find trout. Contact the Georgia Department of Natural Resources for more information

# Cochran Shoals Trail

Georgia

**States:** Georgia

**Counties:** Cobb

Length: 2.6miles

**Trail end points:** Columns Dr. to Interstate  
North Pkwy.

**Trail surfaces:** Crushed Stone
