The Willow Creek Path is a pleasant, tree-lined trail that follows its namesake creek for most of its journey through the communities of Machesney Park and Loves Park in the Rockford metropolitan area. It extends from Harlem High School into Rock Cut State Park, one of the most-visited state parks in Illinois. As you enter the park, you can also connect with the [Perryville Path](#), which travels about 6 miles south through residential and commercial areas.

The pathway runs adjacent to the Dennis Johnson Memorial Park as well, which offers volleyball, tennis and basketball courts.

Willow Creek Path

Illinois

States: Illinois

Counties: Winnebago

Length: 2.6miles
