The Logging Road Trail runs along the eastern outskirts of Canby, about 20 miles south of Portland. The road was once used by logging trucks, but is now closed to vehicular traffic.

Views along the paved trail's southern end are a mix of residential and commercial properties, as well as rural landscapes. Here, the trail sits adjacent to Baker Prairie Middle School (with Trost Elementary School also nearby), offering a nice route for students to use.

The northern end runs between a golf course and the densely forested Eco City Park, becoming quite scenic as it approaches the Willamette River.
