Willamette River Trail

Oregon

The Willamette River Trail is actually a collection of paved and natural-surfaced trails through Willamette Park and the Crystal

The Willamette River Trail is actually a collection of paved and natural-surfaced trails through Willamette Park and the Crystal Lake Sports Fields in Corvallis. As the name suggests, most of the trails follow the Willamette River, offering a boat ramp and scenic water views.

The landscape is primarily a mix of riparian forest and meadows, making this trail system ideal for wildlife viewing. A paved spine trail splits the large sports complex, where 10 soccer fields and 9 baseball diamonds are available for reservation. There is also a disc golf course farther south in Willamette Park.

Willamette River Trail

Oregon
