South Elkhorn Trail

Kentucky

The South Elkhorn Trail is a short community path in the southern reaches of Lexington, Kentucky. The rail-with-trail skirts the edge

The South Elkhorn Trail is a short community path in the southern reaches of Lexington, Kentucky. The rail-with-trail skirts the edge of the new housing developments centered on Newbury Way and Lochdale Terrace. Because the active railroad is perched on a hill above the path, trail users can occasionally catch glimpses of Norfolk Southern freight trains through the trees.
