The Rattlesnake Ridge Trail is one of six in the Hugh S. Branyon Backcountry Trails network that run through one of Alabama's most popular parks, Gulf State Park on the Gulf of Mexico. At its western end, it connects to the others via the [Twin Bridges Trail](#).

The paved pathway begins behind the City Hall complex and travels southwest toward Little Lake through pine woods, scrub oaks and palmettos. Keep your eyes open for wildlife, such as deer, tortoises, armadillos and lizards in the dense undergrowth.

Rattlesnake Ridge Trail

Alabama
