The Lost Creek Reservoir State Trailway offers a scenic route along the shoreline of its namesake lake, the eastern side of Lake Jacksboro, and Lost Creek. The waterways offer numerous opportunities to fish or swim. The trail also reaches Fort Richardson State Park and numerous signs along the way describe early Jacksboro history.

The trail is relatively flat with a few gentle hills. As some of its surface is loose gravel, it's best suited for mountain bikers, hikers, and equestrians.
