[River Trail.](#)

Reading's Neversink Connector Trail is a short paved pathway that branches off the [Thun Trail](#), a 18-mile section of the Schuylkill River Trail. It begins near the Reading Area Community College and follows the northeast bank of the Schuylkill River for about a mile to end at Heritage Park. A short spur along the south end of the college takes trail-goers to Riverfront Park and the 3rd and Spruce Recreation Center.

At its eastern end, the trail parallels an infrequently used rail line along Canal Street. It is hoped to one day continue the trail east to connect with the trail network in the Neversink Mountain Preserve, as well as the [Exeter Scenic](#)
