Antelope Creek Trail

Nebraska

The Antelope Creek Trail follows its namesake waterway through suburban sections of southeastern Lincoln, Nebraska. Essentially a

The Antelope Creek Trail follows its namesake waterway through suburban sections of southeastern Lincoln, Nebraska. Essentially a direct continuation of the slightly shorter [Billy Wolff Trail](#), the Antelope Creek Trail offers its own unique scenery of open space and newer residential development.

Begin your journey at Richman's Run Dog Park, located just across S. 70th Street from popular Holmes Lake Park. The trail passes under busy S. 84th Street, but a short trek up to road level connects trail users with the [84th Street Trail](#). A couple miles later, the trail joins Pine Lake Road on a separated path, runs by the entrance to Nebraska Heart Institute and Heart Hospital and finally comes to a rest at State Route 2 (Nebraska Highway).

Antelope Creek Trail

Nebraska
