Timucuan Trail

Florida

The Timucuan Trail winds its way across Little Talbot Island State Park for 8.2 miles largely alongside Highway A1A and other nearby

restrooms.

From here, the trail winds south until reaching a bridge over the Fort George River which marks the southern end of the trail.

Connections

At the north end of the trail, trail users can connect to the [Amelia Island Trail](#).

The Timucuan Trail is part of the developing East Coast Greenway, a 3,000-mile route between Florida and Maine.

The Timucuan Trail winds its way across Little Talbot Island State Park for 8.2 miles largely alongside Highway A1A and other nearby natural areas.

About the Route

Heading south from the northern endpoint, located just shy of the bridge between Amelia Island and Little Talbot Island, the trail passes Boneyard Beach, Black Rock Beach, and Driftwood Beach. Here, the trail follows Highway A1A and at times weaves away from the road and into dense forest cover.

After the trail crosses Simpson Creek and nearby wetlands, trail users will also pass by the Little Talbot Island Campgrounds, and nearby parking lots and
