Swanton Recreation Path

Vermont

Although only a mile, the Swanton Recreation Path, completed in 2009, offers a scenic asphalt pathway that starts at the Ronald F.

Although only a mile, the Swanton Recreation Path, completed in 2009, offers a scenic asphalt pathway that starts at the Ronald F. Kilburn Transportation Museum (a rehabilitated train station) and passes Swanton Elementary School. A highlight of the route is its crossing over the Missisquoi River on a 1902 bridge that was relocated to the site in 2002 to replace an older wooden bridge that burned down in 1987.

This community trail connects directly onto the end of the [Lamoille Valley Rail Trail](#) (LVRT), with an 11.6 mile gravel section that currently ends at Sheldon, completed in September 2021. The final sections of the LVRT will be finished in 2022 to complete the full 93-mile trail all the way across Vermont to St. Johnsbury.

Swanton Recreation Path

Vermont

States: Vermont

Counties: Franklin

Length: 1miles

Trail end points: S. River Street to Robin Hood Drive

Trail surfaces: Gravel
