Browns Creek Bike Path

California

Browns Creek Bike Path

California

The Browns Creek Bike Path is a paved trail that travels through the far northwestern Los Angeles neighborhood of Chatsworth.

The Browns Creek Bike Path is a paved trail that travels through the far northwestern Los Angeles neighborhood of Chatsworth. Running for nearly 1.5 miles, the path links Sierra Canyon School's Lower Campus in the north with Chatsworth's Amtrak and Metrolink commuter rail station in the south.

The trail follows concrete-bottomed Browns Creek—also known as Browns Canyon Wash—for its entire run. Wildlife is abundant along the path, and a natural-surface horse trail runs along the creek's western side to serve the area's large equestrian community.

The trail's northern endpoint is by the intersection of North Independence Avenue and Rinaldi Street. The route includes some murals and pleasant vegetation running along the water. As you go farther south, the trail abuts warehouses. Following a short, one-block gap at Lassen Street, you will officially find yourself on the Orange Line Bike Path.

From the trail's southern end on Lassen Street, continue west just a short distance across the train tracks to reach the northern terminus of the Orange Line Bike Path, which extends southeast all the way to North Hollywood.

Browns Creek Bike Path

California

States: California
Counties: Los Angeles
Length: 1.5miles
Trail end points: Independence Ave, south of Rinaldi St to Lassen St, east of Old Depot Plaza Rd
