The Wichita Valley Rail-Trail travels from the southwestern end of Wichita Falls to the eastern edge of Holliday, spanning a travel of

The Wichita Valley Rail-Trail travels from the southwestern end of Wichita Falls to the eastern edge of Holliday, spanning a travel of seven miles. The trail was once part of the Wichita Valley Railway and formed from a non-profit entity and a collection of volunteers. Several years in the making, there is still work being done as donations and grants are still being obtained to add such amenities as wildlife viewing, waterfowl stations, and clearing of areas to accommodate horseback riders more efficiently. Fitness stations are available each mile and walking and biking is permitted. The trail is currently layered with gravel but more improvements are forthcoming. There's a lot of wildlife to see and open space to enjoy your travels.

Wichita Valley Rail Trail

Texas

States: Texas

Counties: Archer, Wichita

Length: 5.6 miles
