Although the D & H Canal Towpath is a short pathway (about 1 mile roundtrip), it offers scenic views of the Delaware and Hudson Canal and the Delaware River in Minisink Ford, New York. You'll see the old stone canal walls and go under the beautiful Roebling Bridge, a wire cable suspension bridge. A two-story tollhouse, built in the early 1900s, lies on the east side of the bridge and contains a small historical museum. Nearby, you can also explore Minisink Battleground Park, which has walking trails and picnic areas in a historical site of the Revolutionary War.
