The I-390 Bike Path is a 5-mile paved trail starting in Greece and ending at the Island Cottage Woods Preserves just south of Lake

The I-390 Bike Path is a 5-mile paved trail starting in Greece and ending at the Island Cottage Woods Preserves just south of Lake Ontario. The trail starts just after crossing Route 104 using the pedestrian bridge. The trail heads through a nicely wooded area neighboring to the side of residential houses and traveling through the Greece Olympia High School grounds. There are breaks in this quaint ride to make several street crossings only to return back to the wooded scenery. Due to the break-ups there are many connections to schools and residential communities and stores. Although stopping just short of the shoreline, it is possible to continue your travels to the lake.

I-390 Bike Path

New York
