As its name implies, the Northwest Portage Bikeway traverses the northwestern neighborhoods of Portage, a city in the Kalamazoo metro area. The 3-mile paved trail begins just south of Crossroads Mall, winds around the shopping complex's west side, and offers access to two schools and Haverhill Park. The park offers a playground and facilities for tennis, basketball, and hockey.

From its east end, you can pick up the [Millennium Trail](#) to reach historical Celery Flats and the [Portage Creek Bicentennial Trail](#). All three trails are part of a larger 17.5-mile system of paved bikeways throughout the city.
