Lovers Lane Bikeway provides a paved, north-south route through the southern Michigan city of Portage. The paved pathway parallels the east side of Lovers Lane for 2 miles with a wide grassy median separating it from the roadway. Scenery is a mixture of tree-filled residential neighborhoods, light industrial areas, and some commercial buildings.

Near the north end of the trail, an easy connection can be made to the [Portage Creek Bicentennial Trail](#) by heading west a short distance along Milham Avenue; the 4-mile pathway winds through scenic parkland.
