A Canal Trail Oregon

The A Canal Trail offers a pleasant, paved route of just over 3 miles that connects the communities of Klamath Falls and Altamont in

The A Canal Trail offers a pleasant, paved route of just over 3 miles that connects the communities of Klamath Falls and Altamont in south-central Oregon. Traversing both urban and suburban settings, the trail parallels the Klamath A Canal, built in the early 1900s by the Bureau of Reclamation. Along the way, the trail provides access to several schools, parks, and the YMCA, offering a convenient commuting route.

Near its southern end, travelers can pick up the OC&E Woods Line State Trail to go a whopping 109 miles northwest through rocky terrain and the beautiful backcountry of Fremont National Forest.

States: Oregon
