Yellow River Trail

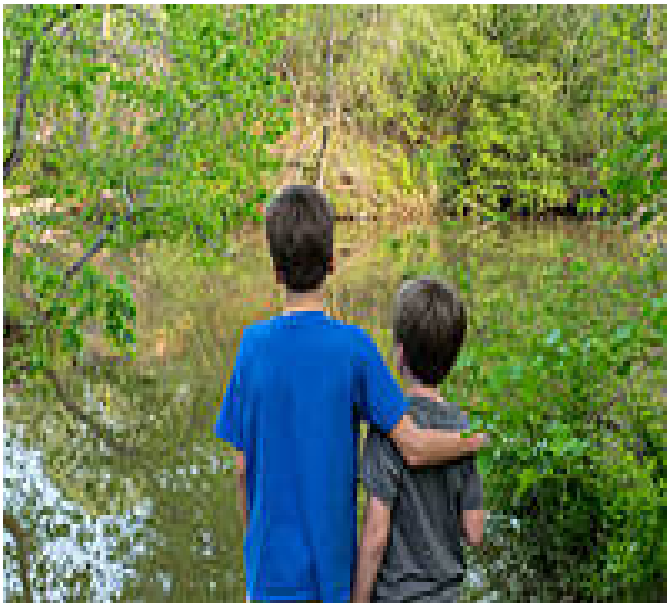

Georgia

Although only a half-mile long, the Yellow River Trail is Newton County's first rail-trail and offers a serene and scenic experience

Although only a half-mile long, the Yellow River Trail is Newton County's first rail-trail and offers a serene and scenic experience under a lush tree canopy. It opened in December 2015 and is nestled along the Porterdale waterfront, about 35 miles east of Atlanta. The charming community has three historical mills, dozens of historical homes, and many old landmarks worth exploring.

The paved pathway begins at a turn-of-the-century depot just off Main Street and ends at Yellow River Park. A 7-mile water trail is nearby and provides a popular place for kayaking and canoeing in the slow-moving river.

Yellow River Trail

Georgia

States: Georgia

Counties: Newton

Length: 0.5miles

Trail end points: Porterdale Depot to Yellow River Park

Trail surfaces: Concrete
