The Creekside Loop offers a scenic, albeit short, route around Larkspur's Creekside neighborhood. Half of the trail follows Magnolia Avenue—where it is appropriately also known as the Magnolia Avenue Pathway—while the more scenic stretch winds closer to the marshland abutting Corte Madera Creek.

Coupled with the [Bon Air Road Sidepath](#) reachable from the Creekside Loop's northern end, the trails are a useful link between the more popular [Corte Madera Creek Path](#) to the north and the [NWP Railroad Trail](#) to the south.
