The Aspen Airport Business Center Trail, commonly referred to as the AABC Trail or ABC Trail, is a paved pathway, paralleling Highway 82, that leads from a busy commercial center to Aspen's West End neighborhood. Although adjacent to a major roadway, a wide grassy median dotted with trees and the views of surrounding mountains keep the experience pleasant.

As you approach the trail's east end, you'll pass the municipal golf course and, from the eastern terminus, you can connect to the [Cemetery Lane Trail](#), which heads north to Stein Park and a connection with the 42-mile [Rio Grande Trail](#), the spine of the Roaring Fork River Valley's expansive network of trails.
