Elkhart RiverWalk Trail

Indiana

Just shy of a mile, Elkhart's Riverwalk offers a pleasant, paved connector through town. It begins downtown, across from City Center Park, and heads north paralleling Waterfall Drive and later Main Street. At this end of the trail, you can also cross the Elkhart River on a pedestrian bridge to reach the popular Nibco Water and Ice Park. Views are of a tree-lined river on one side and busy shops and restaurants on the other. Farther north, another foot bridge crosses the river to reach Island Park and the trail ends shortly afterwards at Beardsley Avenue.
