Beginning from Calf Pasture Point Beach, the Quonset Point Bike Path offers a short-but-sweet path across North Kingstown on Rhode Island's eastern coastline. The 3.7-mile paved pathway is ideal for biking, walking, inline skating, and other outdoor pursuits.

North Kingstown offers a plethora of shops, nearby beaches, and a ferry ride to Martha's Vineyard. For history buffs, the area has an interesting World War II naval past; visitors can check out the Seabee Museum and Memorial Park, just off the southwestern end of the trail, to learn more.
