Sturgis Connector Trail

South Dakota

This short sidepath provides a useful connection between several trails in the ten mile system of bike paths within the city of Sturgis.

This short sidepath provides a useful connection between several trails in the ten mile system of bike paths within the city of Sturgis. Beginning near the intersection of Butte View Drive and Dolan Creek Road, the path follows the latter through a residential area, crossing Moose Drive (and the [Moose Drive Bike Path](#)) and running under the interstate. The trail ends at Sturgis Elementary School, next to the large baseball field. While not much of a destination trail, it provides a safe means for neighborhood children to get across the interstate and also links to the Ballpark Drive Trail on the eastern end.
