The Warwick Township Linear Park Trail is a joint project of Warwick Township and Lititz borough. The pathway extends from

The Warwick Township Linear Park Trail is a joint project of Warwick Township and Lititz borough. The pathway extends from Market Street north, following the Santo Domingo Creek, to Newport Road. Although the asphalt section of the trail ends at a trailhead immediately north of Newport Road, a crushed stone section extends about 1,800 feet farther north into a natural area, then dead ends. The trail may eventually be extended farther south through Lititz, connecting to the Lititz-Warwick Trailway.

In addition to providing a level, ADA-friendly multi-use trail suitable for cycling, inline skating, walking, and jogging, the linear park also features natural areas, athletic fields, and playgrounds.

Warwick Township Linear Park Trail

Pennsylvania

States: Pennsylvania

Counties: Lancaster
