Although short, the Route 152 Trail is an important connector in Kansas City. The paved pathway begins at 88th and Madison and intersects with the [Line Creek Trail](#) as it heads west, paralleling its namesake roadway across town.

Despite its proximity to MO 152, the trail is separated from the road by a wide median which is full of trees in several places and, for much of its length, the pathway winds through residential neighborhoods.

The trail ends just after N. Ambassador Drive in a sprawling shopping area east of I-29.

Route 152 Trail

Missouri

States: Missouri

Counties: Platte
