Spoonville Trail

Michigan

Spoonville Trail

Michigan

The northern section of the Spoonville Trail cuts between the golf course and the ravine with several bridge crossings. Winding

bridge crossing, trail users are met with the southern terminus along N Cedar Rd.

The northern section of the Spoonville Trail cuts between the golf course and the ravine with several bridge crossings. Winding through a lovely natural area, the new trail section crosses I-96 on a protected lane of the 112th Ave bridge and connects to the [North Bank Trail](#), which runs through the Village of Nunica into Spring Lake. From the mile-long crossing of the Grand River to the twisting trail along the ravine, this path is a terrific piece of the future Grand River Greenway trail system. The experience is a pleasant one as the trail transverses rural landscapes and small-town communities.

A trail highlight is certainly the Grand River, where the trail crosses via. bridge and bicyclists and pedestrians can safely cross the river on a concrete-barrier-protected lane on the west side of the bridge. Just after the mile-long

Spoonville Trail
