County Line Memorial Trail

Texas

At 2.18 miles, the County Line Memorial Trail is relatively short, but it offers an engaging experience throughout. The tree-lined

enjoy as well as learn about nature. Panels have been installed to help users learn more about the surrounding wetland ecology. Trail users are likely to encounter various kinds of wildlife including dragonflies, frogs and birds.

The trail is an important recreational asset, providing a safe space for families with children, as well as runners and cyclists. For people enjoying the trail with their pets, there are pet waste bag dispensers provided. The County Line Memorial Trail passes through a number of neighborhoods and connects to Kraft, Hoffman and Fischer Parks.

At 2.18 miles, the County Line Memorial Trail is relatively short, but it offers an engaging experience throughout. The tree-lined pathway sits on 3 acres of land, stretching from FM 1044 to FM 725. There are amenities such as parking, rest areas with benches, and stationary fitness stations.

There are three stationary fitness stations installed at points along the trail. Featuring six kinds of exercise equipment, the fitness stations offer trail users a chance to change up their workout. Instructions are provided for all levels of users. The first station is at the trailhead at County Line Road, the second is at Kraft Park and the third is at the Walnut Avenue trail entrance.

On top of this, the trail provides both an opportunity to
