Lyman Rail Trail

South Carolina

The first phase of this rail trail opened in April 2017 and provides safe and convenient pedestrian access to Lyman's commercial

The first phase of this rail trail opened in April 2017 and provides safe and convenient pedestrian access to Lyman's commercial center. While it is new, it is already fairly well-used. The trail provides serves a dual purpose: recreation, for walkers, joggers and cyclists, and transportation, for residents going downtown to do errands or carry out business. These dual purposes will be enhanced as the trail is extended from its current half-mile span between Lawrence Street and Old Spartanburg Highway. Street furniture will be added to the trail soon. A dog park has also been proposed along the trail.

The trail is built on the right-of-way of the Old Springs/Pacific mill railroad tracks that wound through the old mill village.

Lyman Rail Trail

South Carolina

States: South Carolina

Counties: Spartanburg

Length: 0.5miles

Trail end points: Lawrence Street to Old Spartanburg Highway
