Route 52 Bridge Trail

New Jersey

Route 52 Bridge Trail

New Jersey

The Route 52 Bridge Trail is an important connector between Cape May County and Atlantic County in New Jersey's growing trail

The Route 52 Bridge Trail is an important connector between Cape May County and Atlantic County in New Jersey's growing trail network.

On its southern end, the paved pathway begins in Ocean City, where it connects to an on-road bike route along Haven Avenue that in turn heads southwest to a connection with the Ocean City Bike Path.

On its northern end, the Route 52 Bridge Trail connects to the Pleasantville to Somers Point Bike Path, which ties together four communities along its 8-mile route.

As it travels along the Route 52 causeway, the trail is fully separated from vehicular traffic and offers sweeping views of Great Egg Harbor Bay. At either end of the trail, great shopping and dining opportunities are available.

Route 52 Bridge Trail

New Jersey
