In just 4 miles, visitors to the Cannon Township Trail are able to experience a variety of landscapes. The greenway begins in the Cannon Township Center, and travels through pine forests, grassy meadows and rich wetlands. From the Township Center, the route goes east along Belding Road, before pivoting and winding its way southward for most of its length. At historic Cannonsburg Cemetery (Sunfish Lake Avenue & Kreuter Road), the trail then begins to head east again, terminating at the Townsend Park along Ramsdell Drive.

The trail is paved, with two boardwalks above the wetlands and a bridge over Armstrong Creek. A one mile singletrack mountain-biking trail begins the end of the Cannon Township Trail, and loops within Townsend Park property.
