Lake Iliff Trail

New Jersey

Lake Iliff Trail

New Jersey

This is the first phase of the proposed Lehigh & Hudson River Rail Trail. The second phase will connect Hillside Park to Kittatinny

This is the first phase of the proposed Lehigh & Hudson River Rail Trail. The second phase will connect Hillside Park to Kittatinny Valley State Park. It is hoped that there will be an eventual connection to the nearby Sussex Branch Trail. The trail sits on the disused bed of the Lehigh & Hudson River Railway. This first phase runs on a densely-graded aggregate surface through a wooded route with scenic views of Lake Iliff along the way, passing along the viaduct at its mid-point.

Lake Iliff Trail

New Jersey

States: New Jersey
Counties: Sussex
Length: 1.1miles
