Batchelor Branch Greenway is a short stretch of trail in northeast Cary. The trail is 0.8 miles long and 10 feet wide, accommodating uses ranging from walking and running, to biking, rollerblading, and pushing strollers. It's also wheelchair accessible. The trail begins on the east side of State Route 55. A pedestrian underpass whisks you across the road into a setting of wooded wetland. While the wood, the trail ends and pivots north, becoming the Green Hope School Greenway, which connects to Sears Farm Road Park. There are plans to connect the Batchelor Branch Greenway to the [White Oak Greenway](#) to the south.
