Central Core Multi-use Path represents the commitment of Prescott Valley to cater to provide safety and connectivity for its non-driving citizens. The trail is 3 miles long, beginning at Lake Valley Dr. to Navajo road, linking neighborhoods to schools, parks, businesses and downtown Prescott Valley. A nice highlight of the trail is the colorful mosaic tiles insets into the path's rest area benches. On its eastern end, it connects to the PV Pipeline Multi-use Path.

Central Core Multi-use Path

Arizona
