Manheim Township Community Park Trail

Pennsylvania

Manheim Township Community Park Trail

Pennsylvania

Part of Manheim Township's growing greenway network, the paved, multi-use trail begins at the access road to the Manheim

the eastern and southern edges of the complex to Weaver Road. Township officials anticipate extending the trail along the western side of Weaver Road south to Buch Ave. and it might eventually become part of a longer trail extending from Overlook Park north to Warwick Township and the Lititz area.

Part of Manheim Township's growing greenway network, the paved, multi-use trail begins at the access road to the Manheim Township Community Park and loops around athletic fields and a playground at the northern end. The trail continues south from this loop through a wooded area and circles around a second, larger section of the park, with athletic fields, playground equipment and picnic pavilions. It extends further south from this section, paralleling the access road to Route 722.

The crossing of Route 722, a heavily traveled, suburban road, is poorly marked with no signage or crosswalks, so users should be very careful. The trail turns west immediately south of this crossing and parallels Route 722 via a sidewalk for about 1500 feet, then turns south into the Manheim Twp. Athletic Complex. It then loops around

Manheim Township Community Park Trail

Pennsylvania
