## Jane Hague Way (Eastrail)

Washington

*The Eastrail (or formerly, Eastside Rail Corridor Trail), built on a former BNSF freight railroad, will one day traverse 42 miles*

In the North, [Jane Hague Way](#) connects with the Cross Kirkland Corridor. Other sections of the Eastrail include [Eastrail South](#) and [Redmond Central Connector](#). See [Eastrail South](#) for a full description of all trail sections.

The Eastrail (or formerly, Eastside Rail Corridor Trail), built on a former BNSF freight railroad, will one day traverse 42 miles through King County, connecting Renton, Bellevue, Kirkland, Redmond, and Woodinville. It will also serve as a "spine" in the area's trail systems, by connecting 175+ miles of trails. When fully complete, the trail will connect to numerous others, including the [Cedar River Trail](#), located near the trail's southern end.

Jane Hague Way, which opened in 2018, was named for a former King County councilwoman.

At only one mile, Jane Hague Way already achieves this by serving as an important linkage between the [Cross Kirkland Trail](#) and the [SR 520 Trail](#), which stretches west to University of Washington.

# Jane Hague Way (Eastrail)

Washington

**States:** Washington

**Counties:** King

Length: 1miles

**Trail end points:** 108th Ave. NE to 120th Ave.

NE

**Trail surfaces:** Gravel

**Trail category:** Rail-Trail

**Trail activities:** Bike, Walking

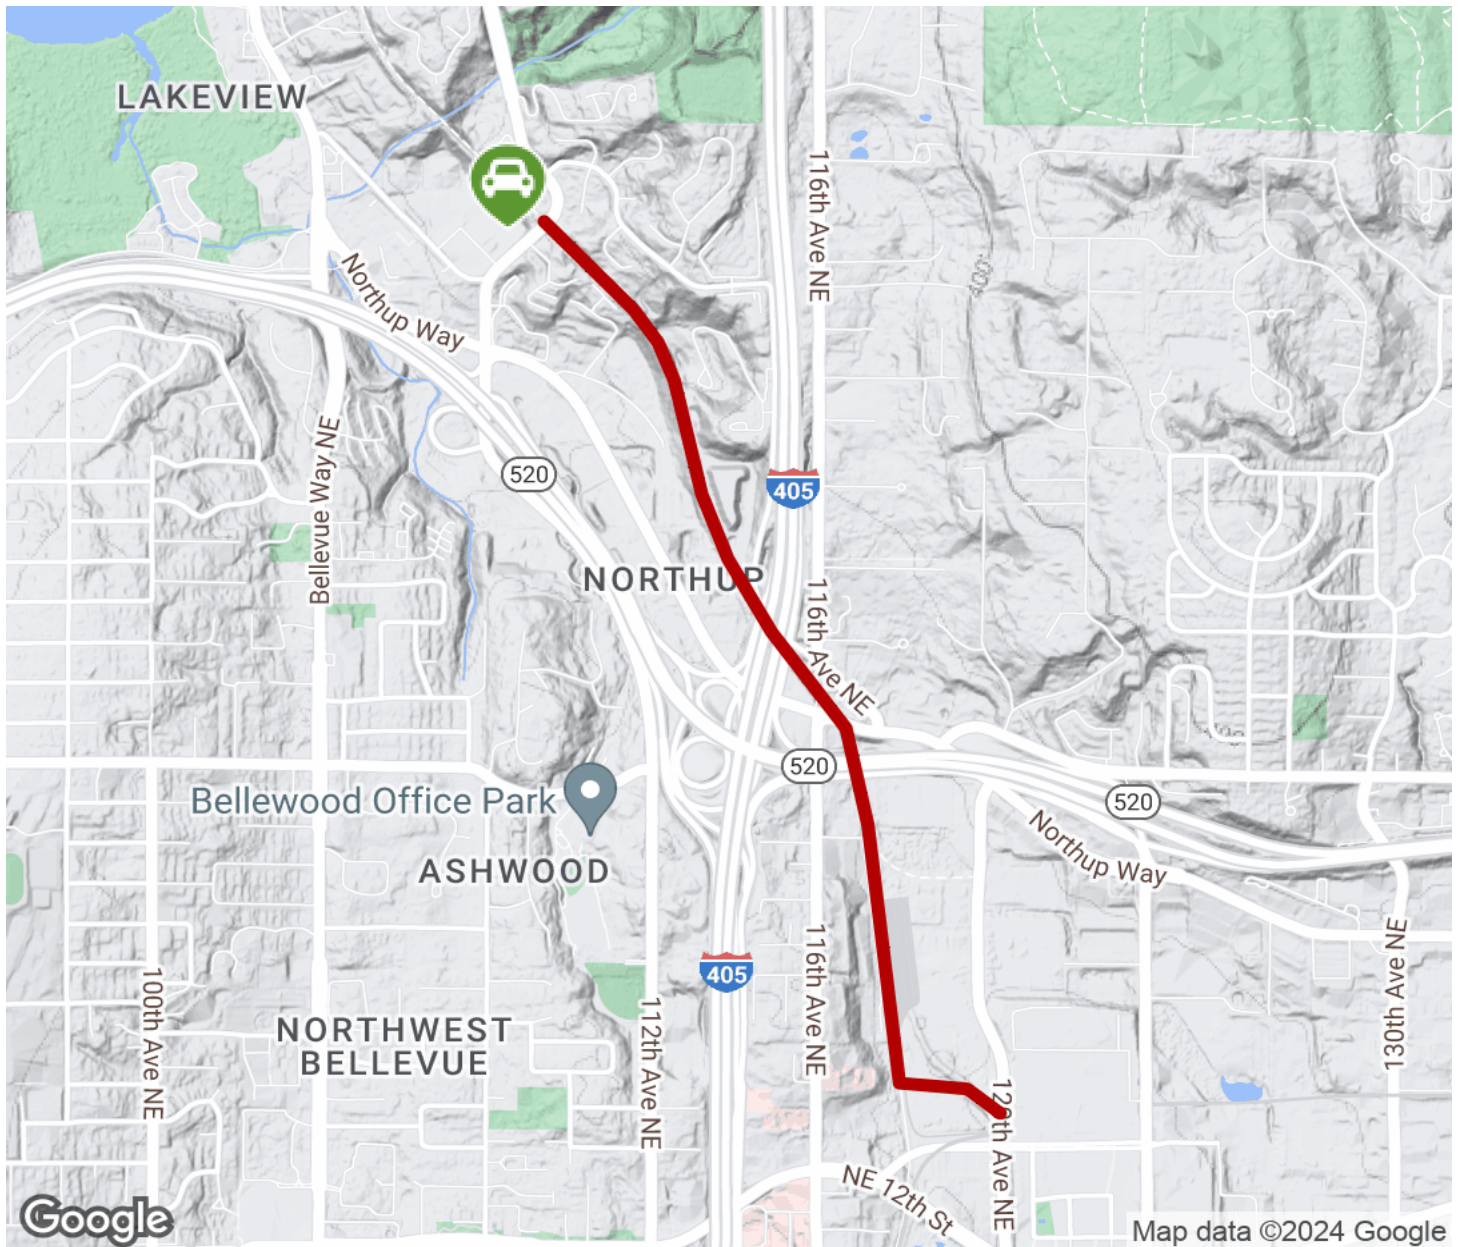

## Parking & Trail Access

At the northern end of the trail is the South Kirkland Park & Ride (10610 NE 38th Pl.), operated by King County's [Metro Transit](#). At this bus station, you'll also find bike racks and bike lockers.
