The Fred Hudson Road Trail is a mixture of asphalt sidepath and wooded crushed stone trail, running from the outskirts of the quiet

The Fred Hudson Road Trail is a mixture of asphalt sidepath and wooded crushed stone trail, running from the outskirts of the quiet town of Ocean View to the even quieter scenic remove of the Delaware Seashore State Park. The trail provides nearby residents with safe and convenient access to the Fresh Pond area of the park, a popular site for area equestrians and birdwatchers - please note that the portion of the trail south of the Heron Road trailhead off of Highway 1 is off-limits to horses.

At the northern trailhead, you can continue your trip on the [Prickly Pear Trail](#), which takes you further into the wetland area along its crushed stone and dirt path.
